

## More Harmful Than Alcohol

### Overeating Worst Form of Intemperance.

If your food is undigested, you are underfed, no matter how much you eat. And the underfed man is, to the extent of the underfeeding, crippled for the battle of life. On the other hand, there is such a thing as overeating. The harm done by indigestion caused by overloaded stomachs exceeds that from the use of alcohol or whiskey. Eat as much good food as you need but don't overeat. Your stomach is a weak it may refuse to digest what you eat. Then you ought to use a good digestant like Kodol Dyspepsia Cure, which digests what you eat without the stomach's aid. This rest and the wholesome tonics contained in Kodol Dyspepsia Cure soon restore health. You don't have to diet. Don't eat too much. That's harmful. But eat enough and of sufficient variety. Kodol Dyspepsia Cure will digest it. It quickly relieves the sensation of fullness and bloating from which some people suffer after meals. It prevents belching and absolutely cures indigestion and other stomach troubles. Equally good for children.

Lemuel James, Marysville, O., says: "I suffered from dyspepsia for thirty years but a few bottles of Kodol Dyspepsia Cure completely cured me and I heartily recommend it to all sufferers from this disease."

### Kodol Dyspepsia Cure

Cures all Stomach Troubles.

Prepared only by E. C. DeWitt & Co., Chicago. The \$1.00 bottle contains 24 times the 50c. size.

## A MINING HORROR

### Explosion of Mine Dust Hurls a Score of Men Into Eternity.

### BLAST FIRED TOO SOON

Before the Miners in the Nelson Mine at Dayton, Tenn., Could Escape It Exploded.

A Defective Fuse Is Said to Have Been Responsible for the Calamity.

Chattanooga, Tenn., April 1.—At 4:45 o'clock yesterday afternoon an explosion of gas in the Nelson mine of the Dayton Coal and Iron company at Dayton, Tenn., ignited the dry coal dust in the mine and caused a terrific explosion. Twenty men are known to be dead. Ten bodies have been recovered. Twelve bodies are still in the mine. Two men are fatally, while seven are seriously injured.

Rescuing parties are at work, but at a late hour last night struck a heavy fall of slate that will delay them for a day or two.

Gas exists in the Nelson mine and the men are required to use safety lamps. It is the rule of the company for the miners to place their fuses ready to be lighted for blasts just before quitting work each day, and there are workmen known as "firemen" who go through the mine after all the miners are out and set off these blasts. The miners quit work at 4:30 o'clock yesterday afternoon. It takes them about 45 minutes to get out of the mine. The "firemen" who are supposed to have caused the explosion shot the blasts about 4:45 o'clock, before all the miners could get out of the mine.

It is supposed that one of the fuses was defective and resulted in what is known as "blown blast." The flame shooting out from the blast ignited the gas, which in turn ignited the accumulation of dry coal dust in the mine. The explosion that followed was horrible in its intensity. It shot out of the mouth of the mine and completely wrecked the shed at the mine entrance. Three men were killed while standing outside the mine and two seriously and one fatally injured.

This mine has been the scene of two serious explosions in the past. In 1889 four men were killed and eight seriously injured by an explosion of gas. Dec. 20, 1895, an explosion of mine dust occurred in which 28 lives were lost. This was caused by a miner carrying an open lamp contrary to regulations. In May, 1901, an explosion of a similar nature occurred in the Shallday mine, operated by the same company, in which 51 lives were lost.

The force of the explosion in the Nelson mine yesterday was terrific. Bodies were literally mangled and torn to pieces. The company states that there were but 75 men at work in the mine. Most of them were out of the mine when the explosion occurred.

An Easter Monday Event. Washington, April 1.—The green-sward back of the White House was alive yesterday with swarms of children who, with baskets filled with brightly colored eggs, entered with zest into the annual Easter Monday egg-rolling carnival. The throng was thoroughly cosmopolitan and all sorts and conditions of children mingled freely in the fun. The grounds were open from 9 o'clock in the morning until sunset. The marine band gave a concert at 4 o'clock and brought to a close a thoroughly enjoyable day for the younger generation.

Denies the Allegation. Birmingham, N. Y., April 1.—Wm. Carter, a half-breed Indian who is under arrest for the attempted murder of Charles Carman at Port Crane five days ago, has made a confession under oath in which he admitted the crime and alleged that he shot Carman at the instigation of Dr. C. J. Tiffany, who he said paid him to kill Carman. Dr. Tiffany, who was arrested as an accessory before the fact, denied Carter's allegations and declared that he had no foreknowledge of the shooting of Carman.

A Fitting Project. Washington, April 1.—A movement is under way for the erection of a monument in this city in memory of the 1,457 soldiers, ex-prisoners of war from Andersonville and Cabala, who lost their lives just after the close of the war by the explosion of the steamer Sultana, near Memphis, Tenn., during the rebellion, on the night of April 27, 1865. A bill has been prepared appropriating \$50,000 for the monument, and it will be introduced in both houses of congress in a short time.

Congressional. Washington, April 1.—During the entire session of the senate yesterday the oleomargarine bill was under consideration. The house began consideration of the sundry civil appropriation bill, completing the general debate before the close of the session. Mr. Payne, chairman of the ways and means committee, reported the Cuban reciprocity bill and gave notice that he would call it up a week from today.

### CAPITAL DOINGS

Various Matters Touched On By Our Indianapolis Correspondent.

Indianapolis, April 1.—A row of large proportions is brewing among the Democratic leaders. It was started during the race for state chairman when S. E. Morris of the Sentinel, the party organ, and others tried to nominate Senator Steven Fleming for state chairman. Chairman O'Brien who was elected by the opponents of Fleming and Morris, started the trouble by making Morris a member of the executive committee that will have charge of the campaign. This was the same thing as waving a red flag in the face of such men as Joe Fanning, Seventh district chairman; John W. Kern, late candidate and others of that crowd, but O'Brien has shown that he intends to boss. Now comes a report that there is a movement to make Morris chairman of the state convention. Kern's friends—that is, some of them, at least—take it that O'Brien is identified with this, so a large-sized howl has gone up. The Kern men say they will never be sidetracked for Morris and that the latter's friends, O'Brien included, may as well be prepared if they attempt to make Morris chairman of the convention. There is no telling where the fight will end once it gets well under way, but one thing is evident—the Democratic leaders are not as harmonious as they should be for the good of the party.

The gas question is about to reach a crisis in Indianapolis. It has come to a point where it is to be meters or no gas. The Indianapolis Gas company is sending out bills for the quarter ending July 1, but for the period between now and May 1. Bills are payable here in advance, so this is taken as an indication that the company does not intend to furnish gas without meters after that date. An ordinance providing for the use of gas by meters will be introduced in the city council next Monday night, and both companies will try and have it passed. There was a time when the mere mention of using meters raised a general protest, and there is still strong opposition to meters, but a majority of the people who use gas seem to realize that they will have to adopt meters or a new fuel. They would prefer to have meters than to be without gas, so it would not be surprising if the ordinance is passed, although both parties during the last campaign were pledged to oppose any attempt to introduce meters.

Harry S. New of Indianapolis does not desire an appointment under the present administration. He has been mentioned lately for a number of positions, and it is understood among Republican leaders that he could have a good berth under Roosevelt any time merely by making his wants known. The fact that he was offered the first assistant postmaster generalship is regarded as an indication of how he minister to Cuba, but he is not an aspirant. He says that he does not want a position of any kind with the government and his associates who know his disposition say he is unquestionably sincere. But few politicians who have had his opportunity could have resisted, but New is not an office-seeker in any sense of the word. If he should be offered the minister-ship to Cuba he would probably refuse, as he turned down the position of minister to St. Petersburg when it was offered by President McKinley.

The leading hotels are already getting letters from throughout the state asking for rooms during the Republican state convention, which indicates that there will be a large advance guard. It is expected the candidates and their workers will be here a week in advance of the convention. The railroads are evidently expecting a big business convention week, as they have agreed to allow a one fare rate for the event.

The fiscal year for the Indianapolis postoffice ended last night. The receipts were nearly \$340,000. This places the office among the first-class "p. o.'s" of the country and will result soon in Postmaster McGinnis getting an increase of \$1,000 a year and an all-around increase among the heads of the departments.

Monster Tunnel Projected. Auburn, Cal., April 1.—A corps of Southern Pacific surveyors and engineers has just completed the survey for the new tunnel through the Sierras, which will be one of the longest in the world. According to the records of the survey it will be five miles and 800 feet in length. It will eliminate nearly 1,000 feet of grade and will reduce the length of snowsheds 28 miles, or from 40, their present aggregate length, to 12 miles. The proposed work will cost millions of dollars and will consume years in construction.

A Change of Base. New York, April 1.—After thirty-three years continuous service in New York city the Rev. R. Heber Newton, D. D., rector of All Souls Protestant Episcopal church, is about to resign his charge. He expects to go to San Francisco, there to accept a call to become the special preacher at the Leland Stanford university.

Died From Lockjaw. Martinsville, Ind., April 1.—Harry Morris, son of Mr. and Mrs. C. C. Morris, is dead of lockjaw, resulting, it is thought from a sore from vaccination.

## AFTER RAILROADS

### Interstate Commerce Commission Begins Investigation.

### WILL BRING 'EM TO TAW

Commissioner Prouty Is Outspoken In a Declaration of the Commission's Intentions.

Criminal Proceedings Against Offending Railroads Not Unlikely.

Chicago, April 1.—"It is the purpose of the interstate commerce commission to employ every means within its power to secure an absolute observance of the provisions of the interstate commerce act. The commission is not going to cease work because injunction suits have been begun with the same end in view."

This announcement was made by Commissioner Charles A. Prouty preliminary to the investigation which is being conducted here beginning today. Asked what the commission expected to discover and what would likely be the outcome, provided evidence of late infractions of the law developed, Mr. Prouty said:

"We must first ascertain what is and has been done and then determine what action is advisable under the circumstances, as they may develop. The fact that the department of justice is proceeding by another means would not prevent our taking the initiative in instituting criminal proceedings should the facts disclosed by the evidence warrant such action."

"Upon former investigations railroad officials have told us that secret practices have been abandoned and the law observed. Despite this fact one railroad had on file with the commission for some time a tariff of 42 cents on packing-house products from the Missouri river to the seaboard, and it was not met openly by any other road. Now, we would like to learn how it was the other lines managed to get business upon a tariff of 48 cents when the road in question was carrying it for 42 cents."

Commissioner Prouty said another purpose of the hearing was to take steps to compel the railroads to publish their export rates. This is a radical departure, although some of the roads in times past filed export rates on grain and grain products. In general, however, railroad officials and attorneys claim that the law cannot compel them to publish export tariffs, and a battle is to be made on this point. The reason for the fight is that the railroads have been making higher domestic rates upon packing-house products and grain and then cutting the rate by taking care of everything as export shipments. Asked if the commission proposed trying to probe any of the alleged Eastern pools, the commissioner said that so far as he knew there were no pools.

Concurrent with the commission's investigation is a notice by all Eastern lines, effective April 14, rates will be raised on grain and grain products and upon packing-house products both for export and domestic purposes and both by all rail and part lake, rail, routes. The new rates are from 2 to 4 cents higher per 100 pounds than the present rates and they will establish a differential on grain and grain products of 2 cents in favor of the lakes, as against 5 cents as at present existing.

### MORE TURMOIL

Santo Domingo Government Confronted By Revolution.

San Domingo, Republic of Santo Domingo, April 1.—The town of Barahona on the south coast was attacked and captured by the revolutionists after a severe fight in which 40 were killed or wounded. Later a government gunboat bombarded Barahona and landed troops, who retook the town. The revolutionists retired to a stronghold in the neighborhood.

The Dominican minister of war has proceeded to Barahona with other troops and will take severe measures to re-establish order. This revolutionary activity is, for the present, confined to Barahona. The Dominican congress has declared that martial law be established throughout the whole republic, and that the constitutional guarantees be suspended.

Surprised the Plaintiff. Louisville, Ky., April 1.—After being out 50 minutes yesterday afternoon the jury in the suit of St. John Boyle, an attorney of this city, against J. W. Henning, a New York stock broker, for \$25,000, alleged to be due on account of certain speculative transactions in Northern Pacific stock during May, 1901, returned a verdict in favor of the defendant for \$21,000, which Mr. Henning claimed the plaintiff owed him on account of the same transactions.

Killed By His Coachman. Cleveland, O., April 1.—George H. Allen, a prominent dealer in coal and timber lands and general real estate, was shot to death in the yard in the rear of his home in East Cleveland last night. The deed was done by his coachman, John Hagesfeld, who later surrendered to the police. The crime is believed to have been the outcome of a quarrel between the two men about Hagesfeld's work.

### IMPORTANT CONFERENCE

Beer Leaders Expect to Get Together at Utrecht.

The Hague, April 1.—Mr. Kruger, Dr. Leyds and the Beer delegates in Europe are expected to hold an important meeting at Utrecht tomorrow to consider the situation in view of Acting President Schalk-Burger's peace movement. Well informed people here say General Schalk-Burger was evidently influenced by the receipt of the news of the result of the Dutch note to Great Britain on the

ACTING PRESIDENT SCHALK-BURGER.

subject of peace in South Africa and other dispatches sent him from here. It is known that his communications with President Steyn and General De Wet, which have heretofore been easily carried on, were interrupted by the recent British military movements, and as it was necessary to communicate with Mr. Steyn and General De Wet before any peace proposition could be formulated, General Schalk-Burger had to apply to Lord Kitchener for a safe conduct.

Considerable surprise is expressed here at Schalk-Burger's delay in getting in touch with DeWet, and it is thought that something unusual must be behind it.

But even if the Orange Free State and Transvaal officials agreed to peace terms it would be necessary for both republics to call a general meeting of the commanders and submit the proposals to the burghers before they could be submitted to Lord Kitchener. In any case unconditional surrender, it is declared, is out of the question.

### On Rathbone's Behalf.

Washington, April 1.—It is said that Senator Hanna proposes to introduce a bill which will provide for the trial of Estes G. Rathbone, recently convicted in Cuba of frauds in connection with the Cuban postal service, before a court in the United States, under American law and American methods. The senator says he believes in Rathbone's honesty notwithstanding his conviction, and claims that under our laws evidence not admissible under the Cuban procedure will aid Rathbone.

Dr. Lieber Dead. Berlin, April 1.—Dr. Ernst Lieber, the Centrist leader in the reichstag, is dead. He was born in 1838.

### DAILY MARKET REPORT

Prevailing Prices For Grain, Provisions and Livestock on March 31.

Indianapolis Grain and Livestock.

Wheat—Wagon, 76c; No. 2 red, steady, 75c.
Corn—Steady; No. 2 mixed, 60c.

Corn—Active; No. 2 cash, 58 1/2c.
Oats—Active; No. 2 cash, 42c.

## PROVERB BELIED

### Oil On the Waters Is Not Conducive to Peace After All.

### NEIGHBORS AROUSED

Dwellers Along the Banks of the Wabash Are Setting Up a Concerted Roar.

Oil From the Grant County Fields Said to Be Causing Hard Feelings.

Logansport, Ind., April 1.—Many complaints are being made about the oil which for some time past has been floating down the Wabash river, and arrangements are now on foot for an investigation to be made by the deputy fish commissioner of this district for the purpose of putting a stop to the nuisance if possible. The oil comes from the Grant county oil fields where it is allowed to run into the ditches and small streams which lead to the Mississippi river and is finally carried into the Wabash.

Deputy Fish Commissioner Wallace Smith, of this district, states that he has received numerous complaints from persons living along the Wabash below Logansport, who declare that the oil is killing fish in large quantities, that the stock refuses to drink the water on account of the nauseating odors coming from the stream, and that the fish caught from the river are not fit to eat. Deputy Smith has notified State Fish Commissioner Sweeney regarding the matter and the latter has informed Deputy Smith that the matter will be investigated.

### COULDN'T LOSE HIM

Hill Went Marrying and Overcame All Obstacles.

English, Ind., April 1.—Harry Hill, a railroad man of Louisville, came to English to marry a girl who had been his sweetheart for years, but returned to Louisville with another girl as his bride. Hill arrived at English eight hours late and the bride-to-be, rather than to disappoint the guests who had assembled to see the wedding, obligingly married another man. Hill, not wishing to return to Louisville without a bride, hastily wooed another girl, won her consent and married her before the guests dispersed.

### Suit Against the Company.

Indianapolis, April 1.—Suit was brought in the United States court yesterday for Earl W. Wyncoop, nine years old, of Columbia City, Ind., against the Pennsylvania Railroad company for \$25,000 damages. It is claimed that the boy was on his way from school when he caught his foot in a cattle guard on the railroad. An engine was standing not far away, and when it started toward him the youngster tried to pull his foot out of the guard, but was held fast. The boy waved his hat and arms and shouted to the engineer, but the locomotive came on and ran him down, cutting his foot off.

### Triumph of Surgery.

Kokomo, Ind., April 1.—Nearly one year ago Rufus Janman, a Clover Leaf railway engineer, was caught in a wreck, partially burning off his ears, tearing his chin and nose away, cutting off his eyelids and ripping off his scalp. He has just been released from the hospital. Time and time again he was placed on the operating table, while strips of skin were cut from his legs and applied to his face, and by degrees a new chin and nose were grown. An oculist repaired his eye-brows and as his ears and hair could not be replaced, a wig was substituted, the long, flowing locks of the same concealing the loss of hair and ears.

### Spontaneous Combustion.

Daleville, Ind., April 1.—A costly fire at the Ideal stove foundry can be accounted for upon no other theory than that of spontaneous combustion. The fire started among the costly patterns on the second floor, where it is said a lot of tarred ropes and greasy rags had been stored. The loss in patterns and on the building will probably reach \$6,000. There is some insurance.

### Threatened Strike.

Hammond, Ind., April 1.—The entire working force of the G. H. Hammond Packing company is threatening to strike if the company fails to discharge John Palm, a department superintendent, whom the men dislike. The company shows no intention of removing Mr. Palm.

### A Sad Anniversary.

South Bend, Ind., April 1.—Mrs. Frances M. Jacobs died here Sunday from the effects of a fall received one week ago. A peculiar coincidence is that her mother died Easter Sunday one year ago.

### Foul Play Susp. ed.

Hammond, Ind., April 1.—Linton L. Taylor, a wealthy farmer of this county, is missing under circumstances indicating foul play, and his family is alarmed. He was last seen near Monec, Ills.

### A SERIOUS CHARGE

Van Wormer Boys On Trial For Ambushing Peter Hallenbeck.

Hudson, N. Y., April 1.—Willis, Burton and Fred VanWormer and Harvey Bruce were brought into court here yesterday to answer to the charge of murder. Last Christmas eve Peter A. Hallenbeck, one of the most highly respected and well-to-do farmers in the town of Greenport, N. Y., was called to his back door and upon opening it was shot to death by four masked men. Thirteen bullets were fired into his body. In the house with him at the time were his wife and mother, who is 82 years old. Suspicion pointed to the VanWormer boys, to whose mother Hallenbeck had loaned money, taking a mortgage on her property as security. The VanWormers are relatives of Mrs. Hallenbeck and occupy a small tract of land adjoining the Hallenbeck farm. On Christmas day the three VanWormer boys and their cousin, Harvey Bruce, were arrested. Their house was searched and three revolvers found. A fourth was found the next day. The boys, who are aged between 19 and 26 years, were taken to the Hudson jail and locked up. A separate trial was granted to Bruce and the trial of the three VanWormers was ordered.

### WAS GREATLY "PUT OUT"

Johnson's Chief Creditor Says Indictments Will Be Quashed.

Hot Springs, Ark., April 1.—Manson U. Johnson of Anderson, Ind., who is wanted for alleged forgeries said to aggregate \$100,000, was placed under arrest in his room at the Great Northern hotel yesterday by a sergeant of the local police force.

Johnson appears to be broken physically. He has been confined to his bed for six days and the attending physician said that his condition is such that he will not be able to rise for another week. With Johnson at the time he was placed under arrest were his wife, who came here on Sunday to nurse him, and J. J. Netterville of Anderson, Ind., who is said to be a heavy indorser of paper negotiated by Johnson. Mr. Netterville was greatly put out, and declared that all the proceedings against Johnson would be quashed.

### The Latest Combine.

Pittsburg, April 1.—The Federation Window Glass company, with a capital stock of \$600,000, a reorganization of the co-operative companies, has been formed and will be granted a charter tomorrow under the laws of New Jersey. The new company will be a strong organization and will buy out the products of the various factories. This stronger combination has been made at the request of the window glass jobbers and will be an important matter in the present price war in the glass business. It is practically certain that there will be 38 factories in the new organization, representing 835 pots.

### All Escaped.

Philadelphia, April 1.—The six-story building at 610-612 Market street, the first three floors of which were occupied by the George DeKelm Saddlery company and the other three floors by the Joel Rally Davis company, wholesale notions, was destroyed by fire yesterday. About 60 persons, mostly girls, were in the building when the fire started, but all were taken safely out. Many of the girls employed on the upper floors escaped by means of the fire-escapes and fire ladders. The loss on the building and contents is estimated at \$110,000.

### Against Sensational Odds.

Memphis, April 1.—W. T. Baldwin's bay colt Circus, three years old, by Charactus-Ninone, won the rich Montgomery handicap yesterday afternoon by a short head in the good time of 1:48 1/4. Wax Taper finished second, a head before Flora Pomona. The odds against the winner at one time were at the sensational price of 100 to 1.

Mr. Browning, of Lawrence county, is employed by A. H. Mitschke.

William Tormoehlen and wife visited the latter's brother's family near Sauers Monday.

Henry Stahl and daughter Mary were visitors at Brownstown Monday.

**A Valuable Medicine.**

FOR COUGHS AND COLDS IN CHILDREN.

"I have not the slightest hesitancy in recommending Chamberlain's Cough Remedy to all who are suffering from coughs or colds," says Chas. M. Cramer, Esq., a well known watch maker, of Colombo, Ceylon. "It has been some two years since the City Dispensary first called my attention to this valuable medicine and I have repeatedly used it and it has always been beneficial. It has cured me quickly of all chest colds. It is especially effective for children and seldom takes more than one bottle to cure them of hoarseness. I have persuaded many to try this valuable medicine, and they are all as well pleased as myself over the results." For sale by C. W. Milhous.

**MARLING.**

We are glad that we have one free mail route through our neighborhood started.

Ralph Balch's school closed Wednesday, the last one in the township.

Several from this place have been attending the protracted meetings at Marion.

Mrs. Leonard Bedel has returned from a week's visit with relatives at Columbus.

Curtis Bard was in our neighborhood Monday.

James Bedel sold a fine Jersey cow and calf last week.

Mrs. Vance is moving to Crothersville to live with her daughter.

Willie Ogden moved last week on a farm below Crothersville.

Prof. Brewer and wife went to the former's parents last Sunday for a few days visit.

Mr. Carpenter and family and Anderson Murphy and family will start for Illinois Thursday.

William Daily is on the sick list this week.

People have put off sowing oats on account of winter commencing again.

Let all remember our prayer meetings on Wednesday and Sunday nights.

Married:—F. C. Foster, deputy clerk, and Miss Aneta Staples, of Jennings county, were united in marriage at the home of the bride's parents, Monday, March 31.

G. M. Bedel is having new buildings placed upon his lot, also having a new well dug.

Prof. L. C. Gillaspie's school closed last Friday.

Misses Agnes Carpenter and Laura Murphy were visiting friends and relatives in Jennings county last Tuesday.

Good for Rheumatism.

Last fall I was taken with a very severe attack of muscular rheumatism which caused me great pain and annoyance. After trying several prescriptions and rheumatic cures, I decided to use Chamberlain's Pain Balm, which I had seen advertised in the South Jerseyman. After two applications of this Remedy I was much better, and after using one bottle, was completely cured.—SALLIE HARRIS, Salem, N. Y. For sale by C. W. Milhous.

**WOMEN AS WELL AS MEN ARE MADE MISERABLE BY KIDNEY TROUBLE.**

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

**SAUERS.**

Quite a number of our farmers have purchased cream separators from Jno. Alfie, of Tampico.

Chris Koester, of Indianapolis, visited friends here recently.

John Buhner is building an addition to his house, consisting of one room and a cellar. Henry Beckman, of Ewing, is doing the carpenter work.

Last week we failed to mention that a daughter was born to John Schepman and wife.

Mr. Waldkoetter was on the sick list a part of last week.

George Schrier, of Seymour, called on friends in this community last week.

Mr. Reickers hauled six loads of fat stock to Ewing Monday.

Henry Waldkoetter jr., went to Columbus one day last week on business.

The REPUBLICAN representative here has been suffering very much with a bad cold.

William Schurman is having a lot of lumber dressed at Ewing.

Most of our farmers commenced sowing oats Tuesday of last week.

Beickman Bros. completed August Krumme's new house last week.

Fred Wolka and wife and Will Topie and wife drove to Brownstown Wednesday to transact business.

Mary Waldkoetter, who is working at Seymour, visited friends here Sunday.

Fred Otte, near Waskom, is having a nice lot of lumber sawed at the Waldkoetter saw mill.

John Kamman is hauling hay from the farm here which he sold to John Waldkoetter recently, to the farm which he purchased of Mr. Horstman, near Brownstown. Mr. Kamman intends to move his household goods there soon.

Mr. Waldkoetter built a corn crib to his barn.

We are surprised to learn that Fred Topie and family, who left for Colorado a few weeks ago, have returned. Fred surely thinks there is no place like Jackson county.

Mrs. John Steinkamp, who has been on the sick list, is recovering.

Our church house has been greatly improved by putting in new windows.

The congregation held their second quarterly meeting at the church Monday afternoon, March 31.

Rev. Paul Lahman has been visiting friends here.

Alex Brettfield went to Brownstown Saturday on business.

**A REVELATION.**

When One Goes for Months Without Getting a Good Night's Sleep Release is Sweet.

Take away sound refreshing sleep and you rob nature of its most necessary requirement. Feeding and building up time, that's why so many people find their standard of strength waning when they cannot sleep well. One symptom after another creeps in and serious ailments follow, that is what makes so many feel and look older than they are. The perfecting of Dr. A. W. Chase's Nerve Pills is a revelation to this kind. Mrs. J. A. Russell of 19 East 2nd St., Seymour, Ind., says: "I was troubled with severe nervousness and sleeplessness. I heard of Dr. A. W. Chase's Nerve Pills and thought I would try them. I got a box of the pills at A. J. Pellens drug store and after taking part of the box I can say the results were quite satisfactory. I think the pills a splendid nerve tonic."

Dr. A. W. Chase's Nerve Pills are sold at 50 c. a box at J. A. Russell or Dr. A. W. Chase Medicine Co., Inc., N. Y. See that portrait and signature A. W. Chase, M. D. are on every package.

Eggs for hatching from thoroughbred White Silver Wyandottes and White Plymouth Rocks, \$1 per setting.

GEO. M. FREDERICK.

Brings You  
This Entire  
31-vol. Set  
of the Great

And Webster's Encyclopaedic Dictionary.

YOU MUST ACT PROMPTLY.

## Ten Cents a Day

For a few months is all it will cost you to own this noble work. With the Britannica in your home, yourself and family are equipped for life in every branch of knowledge—History, Biography, Literature, Science, the Arts, Mechanics, Invention, Law, Medicine, Anatomy, Agriculture, etc. And bear in mind, this edition is right up to date and you get it at

## Less Than Half Price

### A Complete Family Library.

It is the universal impression that no matter what other reference books a man may purchase he will never be quite satisfied until he has secured for his library the Encyclopædia Britannica.

Let This Be Secured First and there will be but little need of investing in additional reference books. A good dictionary with the Encyclopædia Britannica covers the whole range better and more authoritatively than a thousand books combined.

### A New Guide Volume Has Been Added

Consisting of 73 courses of study—outlined for a year's course of reading on every branch of knowledge. FIRST PART, consists of five courses on subjects interesting to children—History, Biography, Animal History, Games, Sports and Pastimes. SECOND PART, seventeen Science courses for the student—History, Literature, Philology, Astronomy, Biology, Zoology, Botany, Geography, Mathematics, Physics, Philosophy, Mythology, &c. THIRD PART, forty-five courses for the busy world of trades and professions. Better than mail courses, because the scope of information is wider, the instructions more detailed and complete, and the facts given are from the successful men of the past and present centuries.

**WE GUARANTEE this to be the Latest, Largest, Best and Cheapest edition in the world.**

One Way Second Class Settlers Rates to Minnesota and North Dakota

March 11th, 18th, 25th, April 1st and 8th 1902, the B. & O. S-W. R. R. will sell one way second class settlers tickets to points in Minnesota and North Dakota at very low rates. For full particulars call at ticket office or address C. C. FREY, Agent.

#### Homeseekers Excursion.

To the South and West via the Southern Indiana Railway.  
H. H. ROSEMAN, G. P. A.

#### ROCKFORD.

Mrs. E. J. Miller is no better.

James Newbold and family spent Sunday with J. W. Fullen and family.

Mrs. Emma Stanfield, of Indianapolis, visited her parents, Frank Abel and wife, Sunday.

John Persinger and family, of Shields, were guest of Mrs. Emily Hartman Sunday.

Mrs. G. W. Grindstaff and children, John and May, of Indianapolis, were here Sunday to visit Chris Eckler and family.

Mrs. Polly Reed, of Maumee, is visiting her daughter, Mrs. Suit Abel, jr.

The Easter services were well attended here Sunday.

L. J. Goble is sick.

O. R. Wheeler and family visited friends at Cortland Sunday.

James Cordell and family, of Seymour, spent Sunday with Jesse Steward.

Miss Millie Carr spent a few days of last week with Sylvester Carr and family, of Longview.

William Travel, of Westphalia, visited his sister, Bessie Travel Monroe, last week.

A party was given at the home of L. J. Goble Saturday night. Every one reported a good time. His son Riley went to Indianapolis Sunday.

William H. Shields is putting out some shade trees.

Sylvester Carr loaded a car of corn Monday.

Rev. Robbins did not preach here Sunday on account of the Easter service.

Willis Weasner, of Flemings, visited his father, William Weasner, last week.

Mrs. Mary Tucker, of Seymour, came here Monday on business.

We think the officers of Seymour were very strict in the case of David Tabor. There has been other cases as bad if not worse in Seymour than his case and a boy so far from home should be treated in the same manner as the Seymour boys.

Wise is the girl whose sense of self interest prompts her to take Rocky Mountain Tea. It fills her full of vigor and there is always honey in her heart for you. Ask your druggist.

#### SURPRISE.

School closed at Oak Grove Thursday.

Fred Meyers is having a new porch built to his dwelling which will improve it very much.

Anna Darlage returned home Sunday from Sauers where she had been attending German school.

Jim Judd was a business caller here Monday.

Born to Fred Range and wife a daughter.

W. F. Rose, of South Bethany, visited relatives here last week.

Essie Lynch spent Saturday night with her cousin, Claude Tindler and wife, of Cortland.

L. D. Hooker is very sick.

The little babe of George Reichenbach and wife was buried at White's Chapel Tuesday, March 25.

Mrs. Bob Wheeler, who has been visiting here, has returned to her home at Freetown.

Wheat is looking very well.

William Darlage visited his father and family Friday and Saturday.

Many of the farmers are busy sowing oats.

Dr. Davis and family will move into John Oathout's property.

Ella Rose has gone to South Bethany to stay a few weeks with her grandmother.

J. W. Patrick is sowing oats on Jacob Bottorff's farm.

Married, Thursday, March 28, 1902, immediately after services at the M. E. church Albert Lewis and Lizzie Schmutte.

Walter Rutan and Miss Mollie Roberts were married Thursday.

Jacob Bottorff will build a new dwelling on his White Creek farm in the near future.

#### CALIFORNIA

Only \$33 from Chicago  
\$32.00 from Bloomington and  
\$30.00 from St. Louis.  
During March and April, 1902

JUDSON EXCURSIONS  
ESTABLISHED 1860 PERSONALLY CONDUCTED

YOU are invited to accept these extraordinary ticket bargains and the advantages of the Judson-Alton Through California Service. Sleeping Cars, without change, Chicago to Salt Lake City. San Francisco, Los Angeles and Portland. Two routes—"Scenic" and "True Southern."

Mr. Geo. T. Lennartz, Agent Judson-Alton Excursion Company, 319 Marquette Building, Chicago, Ill., will gladly elaborate upon the foregoing. He details a fast direct way which is the result of experience in arranging transcontinental travel. He has inducements to offer which are "worth while" and his courteous assistance does not end when tickets are bought. Specially selected tourist managers go through from Chicago to the Pacific coast, attending to the checking of baggage, pointing out scenery and places of interest, and giving the attention en route which makes the transcontinental trip comfortable and enjoyable. Let Mr. Lennartz place your name on his waiting list for detailed advertising matter. His little book explains everything; answers all questions.

If it is not California, it may be some other Western State. To almost all we have greatly reduced rates and through cars. Do us the honor to let us figure with you.

#### HAIR OF THE SLOTH.

It Is Green In Color and For a Peculiar Reason.

It is a very curious fact that certain plants grow and thrive on the hair of sloths. Apart from its extremely coarse and brittle nature, the most striking peculiarity of the outer hair of the sloth is its more or less decidedly green tinge. Now, green is a very rare color among mammals, and there ought, therefore, to be some special reason for its development in the sloth, and, as a matter of fact, the means by which this coloration is produced is one of the most marvelous phenomena in the whole animal kingdom, so marvelous, indeed, that it is at first almost impossible to believe that it is true.

The object of this peculiar type of coloration is, of course, to assimilate the animal to its leafy surroundings and thus to render it as inconspicuous as possible, and when hanging in its usual position from the underside of a bough its long, coarse and green tinged hair is stated to render the sloth almost indistinguishable from the bunches of gray green lichens among which it dwells. In the outer sheath of the hairs of the sloth there are a number of transverse cracks, and in these cracks grows a primitive type of plant—namely, a one celled alga.

And for the benefit of nonbotanical readers it may be well to mention here that algae, among which seaweeds are included, form a group of flowerless plants related on the one hand to the fungi and on the other to the lichens. In the moist tropical forests forming the home of the sloths the algae in the cracks of their hairs grow readily and thus communicate to the entire coat that general green tint which, as already said, is reported to render them almost indistinguishable from the clusters of lichen among which they hang suspended.—Knowledge.

#### THE FATE OF CORONETS.

Lord Brougham's Became G. W. Childs' Fruit Dish.

Peers and their coronets are soon parted when the ceremonial use has been served. The fate of one coronet is told by a correspondent of M. A. P. He writes: "When I was staying some years ago in Philadelphia with G. W. Childs, the well known proprietor of The Ledger newspaper there, I noticed at dinner one evening a peculiarly shaped gilt stand used as a support for a china dish containing grapes. My host, observing that I was scanning it rather closely, said: 'Oh, that is the coronet Lord Brougham was at the queen's coronation. I have taken out the velvet cap and turned it upside down. The golden balls form excellent feet, and it makes a most elegant dish stand.' Which it certainly did."

But what is the fate of coronets compared with the fate of coronation robes? A large portion of George IV's wardrobe, including the coronation robes, was put at public auction in the summer of 1831. There were 120 lots disposed of, and some of the items are interesting. A pair of fine kid trousers of ample dimensions and lined with white satin, was sold for 12 shillings. The sumptuous crimson velvet coronation mantle, with silver star, embroidered with gold, which cost originally, according to the auctioneer, £500, was knocked down for 47 guineas; a richly embroidered silver tissue coronation waistcoat and trunk hose, £13. The purple velvet coronation robe, embroidered with gold, of which it was said to contain 200 ounces, brought only £55, although it cost his late majesty £300. An elegant and costly green velvet mantle, lined with ermine of the finest quality, presented by the Emperor Alexander to George IV., which cost £600 guineas, was sold for £125.

#### A Singular Request.

A peculiar fate is said to overhang the family of the late Sir Julian Goldsmid. An ancestor of his, so says the legend, once gave shelter to a rabbi, who, at his death, left to him a bequest of a mysterious box, which was on account to be opened until after the customary seven days of mourning. It opened before that time, a curse would fall upon the family.

Curiosity got the better of superstition, and the box was opened before the seven days were up. In it was found a document which said that as the injunction of the rabbi had not been heeded no future owner of the estate would be succeeded by a son. And such, strangely enough, has been the case ever since.

#### Arab Music.

Arab music has been described as the singing of a prima donna who has ruptured her voice in trying to sing a duet with herself. Each note starts from somewhere between a sharp and a flat, but does not stop even there and splits up into four or more portions, of which no person can be expected to catch more than one at a time.

#### Intentional.

The caller had a grievance. "That communication I sent you yesterday," he said, "was signed 'More Anon' as plainly as the words could be written. You printed it in your paper this morning 'Omega.'"

"I know it," replied the editor. "We didn't intend there should be any more anon."—Chicago Tribune.

#### On Her Own Head.

Mr. Buggins—Fifty dollars for a bone! Why, madam, it's a crime. Mrs. Buggins—Well, the crime is on my own head.—Philadelphia Record.

Esteem cannot be where there is no confidence, and there can be no confidence where there is no respect.—Giles.

The straight tree is the first to be cut down. The well of sweet water is the first to be exhausted.

Sweeter than the breath of morn is the breath of the girl who takes Rocky Mountain Tea. A perfect system renovator, safe, soothing and invigorating. Ask your druggist.

Mrs. Florence Nightingale Belknap, Vice-President San Francisco Round Table, and a Prominent Member of Pentecost Church of that City, Cured of Fearful Female Troubles by Lydia E. Pinkham's Vegetable Compound. Read Her Letter.

"DEAR MRS. PINKHAM:—I wish to thank you for the benefit your medicine has done me; I cannot speak too highly in praise of it. After my child was born I was left in a very bad condition. I flowed three weeks out of the month; I suffered for months, and finally consulted three physicians. Two of them said I had a tumor, and the third one said I was going into consumption. I was sick and tired, and could not perform my household duties. Finally a friend urged me to try Lydia E. Pinkham's Vegetable Compound. I really had no faith in it, although I had often heard of its wonderful cures; but the fact was I had no faith or interest in anything any more. I finally decided to try it; after the first bottle I felt immensely better, and after taking the sixth bottle I was entirely cured, and felt like a new woman. I consider it woman's friend, and would never be without it in the house. O, what a lot of misery and suffering could be avoided if all women only knew of the wonderful power of Lydia E. Pinkham's Vegetable Compound to cure their ills."

—MRS. N. BELKNAP, 1222 Leavenworth St., San Francisco, Cal.  
\$5000 FORFEIT IF THE ABOVE LETTER IS NOT GENUINE.
